

Are you familiar with

DIRECT PAY, MAINTENANCE PHYSICAL AND OCCUPATIONAL THERAPY?

- We start services where skilled and **Medicare services stop**. Families frequently contact us when insurance therapies are required to discharge.
- **We provide on-going treatment** focused on strength, balance, ambulation, safety, cognition, fall reduction & ADL independence
- On average, our clients work with us 2-3 times per week. We come to their home and create a schedule that is **suited to the individual**.
- Our clients are the center piece of the puzzle of aging well.
- We help stop the revolving door of Medicare through on-going care that maintains **functional independence**.
- All services are provided by Physical and Occupational therapists that are **aging specialists**.
- Individualized care - your client loves to play golf or wants to be able to go out to dinner with their family? **We have plans for that!**
