

Not all heroes wear capes

Thank you for all that you do to provide care for those in need and for your unequalled contribution in keeping our Minnesota seniors safe.

And please know that you can count on us for our part! Quickly at our patient's door, we work together to meet their home care needs. Well protected care in the security of home, we provide clean, clinical expertise and deliver it with comfort and compassion.

Nursing care:

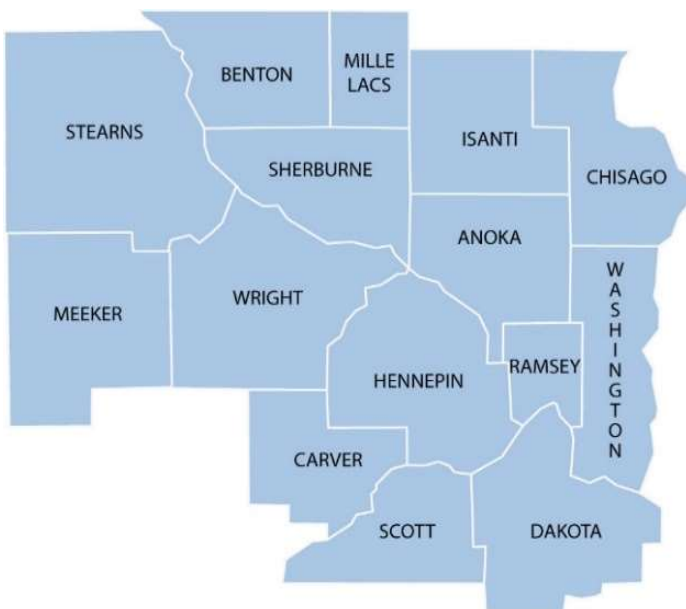

- manage medications
- provide post-operative recovery care
- monitor vitals, weight and teach healthy diet
- treat symptoms and prevent exacerbations
- gently move lifestyles and improve self-care skills

Therapy expertise:

- lead individualized home exercise program
- coach energy conservation
- prevent falls and maximize safety at home
- improve strength and tolerance for mobility
- evaluate cognitive abilities

Attention at home:

- provide help with bathing, dressing and personal tasks
- assist with daily activities as needed
- relieve anxiety and reduce stress

Keeping Seniors Happy and Healthy at Home!
