## **CMS National Coverage Policy**

Pub. 100-03 (Medicare National Coverage Determinations Manual), Chapter 1, Sections 280.1, 280.3

### **Coverage Guidance**

#### **Coverage Indications, Limitations, and/or Medical Necessity**

For any item to be covered by Medicare, it must: 1) be eligible for a defined Medicare benefit category, 2) be reasonable and necessary for the diagnosis or treatment of illness or injury or to improve the functioning of a malformed body member, and 3) meet all other applicable Medicare statutory and regulatory requirements.

The purpose of a Local Coverage Determination (LCD) is to provide information regarding "reasonable and

necessary” criteria based on Social Security Act § 1862(a)(1)(A) provisions.

In addition to the “reasonable and necessary” criteria contained in this LCD there are other payment rules, which are discussed in the following documents, that must also be met prior to Medicare reimbursement:

- The LCD-related Standard Documentation Requirements Article, located at the bottom of this policy under the Related Local Coverage Documents section.
- The LCD-related Policy Article, located at the bottom of this policy under the Related Local Coverage Documents section.
- Refer to the Supplier Manual for additional information on documentation requirements.
- Refer to the DME MAC web sites for additional bulletin articles and other publications related to this LCD.

For the items addressed in this LCD, the “reasonable and necessary” criteria, based on Social Security Act § 1862(a)(1)(A) provisions, are defined by the following coverage indications, limitations and/or medical necessity.

A general use seat cushion (E2601, E2602) and a general use wheelchair back cushion (E2611, E2612) are covered for a beneficiary who has a manual wheelchair or a power wheelchair with a sling/solid seat/back which meets Medicare coverage criteria. If the beneficiary does not have a covered wheelchair, then the cushion will be denied as not reasonable and necessary. If the beneficiary has a POV or a power wheelchair with a captain's chair seat, the cushion will be denied as not reasonable and necessary.

For beneficiaries who meet coverage criteria for a power wheelchair and who do not have special skin protection or positioning needs, a power wheelchair with Captain’s Chair provides appropriate support. Therefore, if a general use cushion is provided with a power wheelchair with a sling/solid seat/back instead of Captain’s Chair, the wheelchair and the cushion(s) will be covered if either criterion 1 or criterion 2 is met:

1. The cushion is provided with a covered power wheelchair base that is not available in a Captain’s Chair model – i.e., codes K0839, K0840, K0843, K0860 – K0864, K0890, K0891; or
2. A skin protection and/or positioning seat or back cushion that meets coverage criteria is provided.

If one of these criteria is not met, both the power wheelchair with a sling/solid seat and the general use cushion will be denied as not reasonable and necessary.

If the beneficiary has a POV or a power wheelchair with a captain's chair seat, a separate seat and/or back cushion will be denied as not reasonable and necessary.

A skin protection seat cushion (E2603, E2604, E2622, E2623) is covered for a beneficiary who meets both of the following criteria:

1. The beneficiary has a manual wheelchair or a power wheelchair with a sling/solid seat/back and the beneficiary meets Medicare coverage criteria for it; and
2. The beneficiary has either of the following (a or b):
  - a. Current pressure ulcer or past history of a pressure ulcer on the area of contact with the seating surface as reflected in a diagnosis code listed in Group 1; or
  - b. Absent or impaired sensation in the area of contact with the seating surface or inability to carry out a

functional weight shift as reflected in a diagnosis code listed in Group 2.

A positioning seat cushion (E2605, E2606), positioning back cushion (E2613-E2616, E2620, E2621), and positioning accessory (E0953, E0955-E0957, E0960) are covered for a beneficiary who meets both of the following criteria:

1. The beneficiary has a manual wheelchair or a power wheelchair with a sling/solid seat/back and the beneficiary meets Medicare coverage criteria for it; and
2. The beneficiary has any significant postural asymmetries that are due to one of the following (a or b):
  - a. A diagnosis code listed in Group 2; or
  - b. A diagnosis code listed in Group 3.

A combination skin protection and positioning seat cushion (E2607, E2608, E2624, E2625) is covered for a beneficiary who meets the criteria for both a skin protection seat cushion and a positioning seat cushion. (Note special instructions for a combination skin protection and positioning cushion in the ICD-10 diagnosis code section below)

A headrest (E0955) is also covered when the beneficiary has a covered manual tilt-in-space, manual semi or fully reclining back on a manual wheelchair, a manual fully reclining back on a power wheelchair, or power tilt and/or recline power seating system.

If the beneficiary has a POV or a power wheelchair with a captain's chair seat, a headrest or other positioning accessory will be denied as not reasonable and necessary.

If a skin protection seat cushion, positioning seat cushion, or combination skin protection and positioning seat cushion is provided and if the stated coverage criteria are not met, it will be denied as not reasonable and necessary.

If a positioning back cushion is provided for a beneficiary who does not meet the stated coverage criteria, it will be denied as not reasonable and necessary.

If a positioning accessory is provided and the criteria are not met, the item will be denied as not reasonable and necessary.

A custom fabricated seat cushion (E2609) is covered if criteria (1) and (3) are met. A custom fabricated back cushion (E2617) is covered if criteria (2) and (3) are met:

1. Beneficiary meets all of the criteria for a prefabricated skin protection seat cushion or positioning seat cushion;
2. Beneficiary meets all of the criteria for a prefabricated positioning back cushion;
3. There is a comprehensive written evaluation by a licensed/certified medical professional, such as a physical therapist (PT) or occupational therapist (OT), which clearly explains why a prefabricated seating system is not sufficient to meet the beneficiary's seating and positioning needs. The PT or OT may have no financial relationship with the supplier.

If a custom fabricated cushion is provided for a beneficiary who does not meet the stated coverage criteria, it will be denied as not reasonable and necessary.

A seat or back cushion that is provided for use with a transport chair (E1037, E1038) will be denied as not

reasonable and necessary.

The effectiveness of a powered seat cushion (E2610) has not been established. Claims for a powered seat cushion will be denied as not reasonable and necessary.

A prefabricated seat cushion, a prefabricated positioning back cushion, or a brand name custom fabricated seat or back cushion which has not received a written coding verification from the Pricing, Data Analysis, and Coding (PDAC) contractor or which does not meet the criteria stated in the Coding Guidelines section (see Policy Article) will be denied as not reasonable and necessary.

## GENERAL

A detailed written order (DWO) (if applicable) must be received by the supplier before a claim is submitted. If the supplier bills for an item addressed in this policy without first receiving a completed DWO, the claim shall be denied as not reasonable and necessary.

For durable medical equipment, prosthetics, orthotics and supplies (DMEPOS) base items that require a Written Order Prior to Delivery (WOPD), the supplier must also obtain a DWO before submitting a claim for any associated options, accessories, and/or supplies that are separately billed. In this scenario, if the supplier bills for associated options, accessories, and/or supplies without first receiving a completed DWO, the claim shall be denied as not reasonable and necessary.

A WOPD (if applicable) must be received by the supplier before a DMEPOS item is delivered to a beneficiary. If a supplier delivers a DMEPOS item without first receiving a completed WOPD, the claim shall be statutorily denied. Refer to the LCD-related Policy Article, located at the bottom of this policy under the Related Local Coverage Documents section.

An item/service is correctly coded when it meets all the coding guidelines listed in CMS HCPCS guidelines, LCDs, LCD-related Policy Articles, or DME MAC articles. Claims that do not meet coding guidelines shall be denied as not reasonable and necessary/incorrectly coded.

Proof of delivery (POD) is a Supplier Standard and DMEPOS suppliers are required to maintain POD documentation in their files. Proof of delivery documentation must be made available to the Medicare contractor upon request. All services that do not have appropriate proof of delivery from the supplier shall be denied as not reasonable and necessary.

# Coding Information

## **Bill Type Codes:**

Contractors may specify Bill Types to help providers identify those Bill Types typically used to report this service. Absence of a Bill Type does not guarantee that the policy does not apply to that Bill Type. Complete absence of all Bill Types indicates that coverage is not influenced by Bill Type and the policy should be assumed to apply equally to all claims.

N/A

## **Revenue Codes:**

Contractors may specify Revenue Codes to help providers identify those Revenue Codes typically used to report this service. In most instances Revenue Codes are purely advisory. Unless specified in the policy, services reported under other Revenue Codes are equally subject to this coverage determination. Complete absence of all Revenue Codes indicates that coverage is not influenced by Revenue Code and the policy should be assumed to apply equally to all Revenue Codes.

## **CPT/HCPCS Codes**

### **Group 1 Paragraph:**

The appearance of a code in this section does not necessarily indicate coverage.

### **HCPCS MODIFIERS:**

EY - No physician or other licensed healthcare provider order for this item or service

GA - Waiver of liability statement on file issued as required by payer policy, individual case

GY - Item or service statutorily excluded or doesn't meet the definition of any Medicare benefit category

GZ - Item or service expected to be denied as not reasonable and necessary

KX - Requirements specified in the medical policy have been met

**ICD-10 Codes that Support Medical Necessity**

**Group 1 Paragraph:**

The instructions below summarize the coverage criteria for the wheelchair seating options. For further description, please refer to the Coverage Indications, Limitations, and/or Medical Necessity section above. They apply to the diagnoses in Groups 1, 2, 3, 4 and 5.

For skin protection items (HCPCS codes E2603, E2604, E2622, E2623) one diagnosis code from either Group 1 or Group 2.

For combination skin protection and positioning items (HCPCS codes E2607, E2608, E2624, E2625), use one of the following (either 1 or 2):

- (1) one diagnosis code from Group 1 and one diagnosis code from Group 3 (total of 2 diagnosis codes); or,
- (2) one diagnosis code from Group 2.

The presence of an ICD-10 code listed in this section is not sufficient by itself to assure coverage. Refer to the section on Coverage Indications, Limitations and/or Medical Necessity for other coverage criteria and payment information.

**Group 3 Paragraph:**

The instructions below summarize the coverage criteria for the wheelchair seating options. For further description, please refer to the Coverage Indications, Limitations, and/or Medical Necessity section above.

For positioning items (HCPCS codes E0953, E0956, E0957, E0960, E2605, E2606, E2613-E2617, E2620, and E2621) one diagnosis code from either Group 2 or Group 3.

For combination skin protection and positioning items (HCPCS codes E2607, E2608, E2624, E2625), use one of the following (either 1 or 2):

- (1) one diagnosis code from Group 1 and one diagnosis code from Group 3 (total of 2 diagnosis codes); or,
- (2) one diagnosis code from Group 2.

The presence of an ICD-10 code listed in this section is not sufficient by itself to assure coverage. Refer to the section on Coverage Indications, Limitations and/or Medical Necessity for other coverage criteria and payment information.

#### DOCUMENTATION REQUIREMENTS

Section 1833(e) of the Social Security Act precludes payment to any provider of services unless "there has been furnished such information as may be necessary in order to determine the amounts due such provider." It is expected that the beneficiary's medical records will reflect the need for the care provided. The beneficiary's medical records include the physician's office records, hospital records, nursing home records, home health agency records, records from other healthcare professionals and test reports. This documentation must be available upon request.

## GENERAL DOCUMENTATION REQUIREMENTS

In order to justify payment for DMEPOS items, suppliers must meet the following requirements:

- Prescription (orders)
- Medical Record Information (including continued need/use if applicable)
- Correct Coding
- Proof of Delivery

Refer to the LCD-related Standard Documentation Requirements article, located at the bottom of this policy under the Related Local Coverage Documents section for additional information regarding these requirements.

Refer to the Supplier Manual for additional information on documentation requirements.

Refer to the DME MAC web sites for additional bulletin articles and other publications related to this LCD.

## POLICY SPECIFIC DOCUMENTATION REQUIREMENTS

Items covered in this LCD have additional policy-specific requirements that must be met to justify Medicare reimbursement.

Refer to the LCD-related Policy article, located at the bottom of this policy under the Related Local Coverage Documents section for additional information.
